TO WHOM IT MAY CONCERN

This is to advise that Mr. David Diez Fernandez was employed as Aeronautical Information Services Adviser within the International Civil Aviation Organization's Technical Assistance Programme in Caracas, Venezuela from 17 November 1985 until 9 December 1985.

His duties under the direction of the ICAO Project Co-ordinator were:

1. In close co-operation with the Technical Assistance Officer from the Lima Regional Office:
  - a) study the current situation of the Aeronautical Information Services, Flight Plan Data Processing Systems, Radar Processing Systems and MET Information Services, including the operational aspects, the manpower and training needs of personnel, and the capabilities of the existing equipment.
  - b) determine the needs in the areas of international expertise, training of personnel and equipment for the automation of the above systems.
  - c) provide all other inputs required for the drafting of a UNDP/ICAO project (activities, inputs, outputs, experts "Terms of Reference, etc.) in the field of automation.
2. Perform other related duties as may be required.

Briefing and debriefing sessions were undertaken at the ICAO Regional Office in Lima, Peru.

Throughout the period of his assignment Mr. Diez Fernandez' competence, efficiency and official conduct were satisfactory.
