A special CNS/ATM Seminar for the countries of South America has been successfully concluded on 17 June 1994. The success of this Seminar is largely due to the excellent exposes made by the guest speakers and in particular those made by Mr. D. Diez of Spain. In line with the above, I would like to express my gratitude to you and the Civil Aviation Authorities of Spain for making Mr. Diez available to promote and explain CNS/ATM to lesser developed areas of the world. Kindly convey our appreciation to Mr. Diez for his excellent presentations and co-operation.
