Subject: CNS/ATM Implementation Semtnar (Sao Jose dos Campos)

Dear Sir,

The CNS/ATM Implementation Seminar (Sao Jose dos Campos, Brazil, 28 October to 1 November) has been most successful. To this effect, I would like to express my gratitude to Aena for making available Mr. Diez who, in addition to his excellent presentations on Cost Benefit Analysis and ADS SSR integration, participated actively in the discussions and willingly shared his vast experience and knowledge with the participants. It is with contributors like Mr. Diez that seminars take their real value.

Furthermore, I would also like to thank you and your organization for making available the very high quality and professional companion documents to these presentations.

Accept Sir, our deepest appreciation for the continued support Aena has provided to ICAO over the years on the most challenging issues relating to CNS/ATM matters.

*V. Zubkov*
